CTPAT Bioterrorism Letter

Updated October 2, 2017

RE: Supply Chain Security - CTPAT

Dear Business Partners:

Onset Worldwide is a certified member of C-TPAT (Customs-Trade Partnership Against Terrorism), a supply chain security program established by U.S. Customs and Border Protection (CBP). Membership in C-TPAT requires that our company and its business partners commit to minimizing the risk of unauthorized and/or dangerous goods entering the U.S. in one of our shipments.

This commitment requires, among other things, that we ask our business partners to analyze their physical security and internal control procedures, and certify that they have taken the necessary steps to protect their part of the supply chain. Onset Worldwide has also taken these steps and was audited in September 2017 to be a certified member of the C-TPAT program.

Signed,

Sara Morrison, VP

Onset Worldwide
